Halloween Witch Hat template

page 2 of 2

(this is the cone of the hat)

3) Using a dinner plate as a template, cut out about $\frac{3}{8}$ ths of the circle to create a 'curved triangle' which will be the cone shape of the Witch's hat) alternatively, print this off!

4) Cut slits about 1,5cm up into the curved edge of your 'triangle'

4) Pop cone into the 1st doughnut, and turn back the slits and glue to the underside and then glue the 2nd doughnut to that to create a tidy brim.
